Total Beginners - Induction to Pilates, providing an awareness of basic principles, foundations and essentials.

Beginners – Pilates repertoire is introduced and clients learn the building blocks to each exercise.

Level 1 – More highly choreographed element than Beginners, for clients with a sound understanding of the basic principles and foundations.

Level 2 – As for Level 1, but the class has the extra element of a dynamic flow and uses equipment to add further challenge.

Level 3 – For the more advanced clients that have an experienced practice and enjoy a challenge!

All levels – a session for everyone - whatever stage of Pilates you are at!
